Mahouts to boycott Dasara

'We take the highest risk in tiger capture operations and Dasara but our pay is pittance,' say upset jumbo caretakers

Mahouts and Kavadis from different elephant camps attending the meeting at Dubare Elephant Camp in Kodagu recently.

Kushalnagar, July 21 (Akshay&BCT)- Facing years of neglect by the State Government and Forest Department, Mahouts and Kavadis have taken a unanimous decision to boycott this year's Dasara by not taking their elephants to Mysuru if their immediate demand of a pay hike is not implemented by Aug. 5, two days before *Gajapayana* (Aug. 7).

At a meeting of Mahouts and Kavadis Association held recently at Dubare Elephant Camp in Kodagu, Mahouts and Kavadis from Dubare, Anekad, Sakrebailu, Rampura and Mathigodu Elephant Camps decided not to take the elephants to Mysuru if their demands are not met.

Association Vice-President J.K. Dhobi, who has been a Mahout for nine years, said that there is severe pay disparity among Forest Department staff and when it comes to elephants, Mahouts and Kavadis take all the risks but are paid meagrely. "We live in broken and leaky huts and we do not have electricity. We are not even provided facilities including education, health and free ration. Our lives were better in 1976 when we used to be treated equally along with Forest Watchers and Guards. Gradually, their pay has been increased manifold but we continue to get less salary," he rued.

A Mahout gets a basic salary of Rs. 18,600 and a Kavadi gets Rs. 17,000. "This pay is nothing when compared to the risks we take. Elephants and Mahouts lead all the wild elephant, tiger and leopard capture operations and we take the risks while others get better pay and perks. We do all the strenuous work in the elephant camps and ensure that a smooth and systematic Dasara is conducted every year but we are neglected," he complained.

(See MAHOUTS on page 6)

Presidential Election: Counting underway

New Delhi, July 21 (Agencies)- The counting of votes in the Presidential election — to elect India's 15th President — is underway to decide the winner of the race to the Rashtrapathi Bhavan — the National Democratic Alliance's (NDA) Droupadi Murmu or the Opposition's joint candidate Yashwant Sinha.

Counting of ballots is taking place in Room No. 63 of the Parliament House. Votes of Lok Sabha and Rajya Sabha MPs are being counted first, following which votes from State Assemblies will be taken up. First, starting 11 am, ballot boxes from the States were opened before starting the count. Counting began around 1.30 pm and results are expected around 4 pm.

2,446 beneficiaries to get houses under 'Housing For All' scheme

Housing Minister V. Somanna to lay foundation stone at Mandakalli on July 23

A plan of Housing Complex to come up at Mandakalli.

Mysuru, July 21 (MTY&DM)- Housing Minister V. Somanna will lay the foundation stone for the mega housing complex for 2,446 eligible beneficiaries living in Mysuru City Corporation (MCC) limits coming under Chamundeshwari Assembly constituency, at Mandakalli-Dadadahalli Road, behind Mysore Airport in Mandakalli, at 4 pm on July 23.

Announcing this at a press meet at MCC's Old Council Hall here this morning, Chamundeshwari MLA G.T. Devegowda (GTD) said that the mega housing project, to be executed by State-run Rajiv Gandhi Housing Corporation Limited (RGHCL), is being taken up under PMAY-HFA (Urban) — Pradhan Mantri Awas Yojana - Housing For All — scheme.

Mysuru, Thursday 21st July 2022

Entries invited for State Awards

Mysuru, July 21 (SSM) - The Women and Child Development Department and the Department for Empowerment of Differently Abled and Senior Citizens have invited applications from individuals and organisations, who have worked and contributed in various fields including helping senior citizens for conferment of State Awards as part of the International Day of Older Persons on Oct. 1.

The applicants must have worked in areas such as education, literature, law, sports, social work etc. Selected six individuals and one organisation which has worked for the welfare of senior citizens will be conferred with State Award.

Applications can be obtained from their respective District Disabled Welfare Officer and the filled-in forms must be submitted along with necessary documents before Aug. 21. Those who are submitting applications in Kannada must submit two copies of applications.

For details call Ph: 0821-2490333, according to a press release from District Disabled Welfare Officer of Department for Empowerment of Differently Abled and Senior Citizens.

Diploma course in Elementary Education

Mysuru, July 21- Farooqia D.Ed College, Azeez Sait Road, Udayagiri, Mysuru, has invited applications for admission to Diploma in Elementary Education (D.El.Ed.) — English medium — for the academic year 2022-23.

For details, those interested in joining the course may contact Ph: 0821-2454238 or Mob: 81052-48298, according to a press release from the College Principal.

EDITOR'S BOTTOMLINE

The UN Population Division's projection that India will overtake China as the world's most populous nation in 2023, four years earlier than expected, has again put the focus on the country's demographic challenge. India's population is projected to be 1.429 billion next year, when China will have 1.426 billion. The reason for India overtaking China is not any dramatic increase in its population but the decline in China's. India's population will continue to grow till the 2050s, when it is projected to have 1.668 billion people, as China's drops to 1.317 billion. The world population as such will grow and is set to touch 8 billion on November 15 this year.

The UN agency has credited India with bringing down the total fertility rate (TFR), the average number of children born to a woman. While the population replacement level is 2.1, the TFR in India currently is 2.0, as per the latest National Family Health Survey (NFHS). India brought down TFR from 6 in the 1950s to the present level without using coercive measures. The need now is to bring down the TFR in a few States — UP, Bihar and Madhya Pradesh — which are also the most populous States. The country's experience shows that the best strategy to do so is to provide education, nutrition, healthcare, housing and employment to people. These measures should also be specifically focussed on women and children to ensure the best results.

NEWS SPARKLERS

Art removed for infringing on the rights of flies

Wolfsburg: A museum in the German city of Wolfsburg recently removed a controversial art installation by English artist Damien Hirst after animal rights group PETA filed a complaint about it killing flies.

The controversial art installation featuring a fly-killing UV light has attracted the wrath of animal rights group PETA and sparked a heated debate about the rights of the flying insects.

Titled "A Hundred Years (1990)", the art installation by award-winning artist and entrepreneur Damien Hirst was recently removed from Kunstmuseum Wolfsburg after PETA filed a complaint claiming that it infringed on Germany's Animal Welfare Act, which bans the killing or harming of animals without proper reason. Whether flies fall under that law or not is yet to be determined, but the decision has already sparked controversy in Germany.

Companies develop upright 'Nap Boxes' for office workers

Tokyo: Tokyo-based furniture specialist Itoki Corporation and Koyoju Gohan, a plywood supplier from Hokkaido, recently signed a license agreement to start production of a bizarre-looking contraption that they claim will tackle the overwork phenomenon in Japan's offices. It basically consists of an upright wooden pod that will allow users to enter and use as a private space to sleep standing up...

With workers spending so much time at work, some will catch those much-needed minutes of shut-eye anywhere they can, in their employers' bathrooms, on the train during their commute, or even at their desks. The nap pods at least ensure that they are comfortably supported so that they don't fall over.

Road dividers sans indicators posing danger to motorists

Sir,

Most of the road dividers in our city are without any indicators and in the night it is very difficult for the motorists to identify the starting point, running length of the divider and the end point of these road dividers.

The authorities concerned should fix multi-level reflecting indicators — one at the lower level and another at a height of about two to three feet — enabling the motorists to have a clear view of the road dividers.

Apart from fixing multi-level reflecting indicators, reflectors should also be fixed throughout the running length of the dividers. This will be of immense help to the motorists in gauging the actual length of the road dividers.

Without these reflectors, the motorists would run over the road dividers, inviting fatal and avoidable accidents. Of late such accidents owing to poor visibility of the road dividers are on the rise in our roads.

Maharani's students demand evacuation of College Canteen

Mysuru, July 21 (PM&DM)- Alleging that the canteen in their college campus lacked hygiene and quality of food, students of Maharani's Science College for Women staged a flash protest in front of Deputy Commissioner's Office here yesterday.

Claiming that the canteen was functioning in unhygienic conditions and also the food offered there was of poor quality and costly, the students maintained that there were numerous instances of students falling ill after having food at this canteen.

Alleging that male youths from outside who visit the canteen and as well as some canteen staff were posing problems by their indecent behaviour, they urged the authorities to evacuate the canteen immediately.

They said the canteen should be handed over to another contractor of good standing, in case the authorities decide on continuing with the canteen service.

College student leaders Bhumika, Ambika, M. Poornika, Anusha, Meghana and others led the protest

Senior citizens seek resumption of concession in train fares

Mysuru, July 21 (PM&DM)- Seeking resumption of the concession in train fares for senior citizens aged over 60 years, senior citizens staged a demonstration in front of the main gate of the City Railway Station here on Wednesday.

Maintaining that they are very much dependent on Railways for their needs and convenience, the senior citizens urged the Railways to restore all kinds of concession extended to them to the pre-COVID level.

Contending that concessions that were in force till March 2020 was very much beneficial, they said that the sudden stoppage of this following the outbreak of pandemic when train services were completely stopped, has inconvenienced them a lot. As such, the Railways should seriously consider restoring all concessions, they urged.

Senior Citizens Forum Convenor D. Rajendra, General Insurance Pensioners Association office-bearer Umapathi, BSNL Pensioners Association office-bearer Ramdas Bhandari and others were present.

Pranavi Urs wins season's 4th title on Hero WPGT

Bengaluru, July 21- Mysuru-based golfer Pranavi Urs moved into cruise mode just when it was most needed to hole four birdies in a span of five holes on the back nine in the final round of the ninth leg of the **Hero Women's Pro Golf Tour (WPGT)** at the Bangalore Golf Club. The Tour was played between July 12 and 15.

Her fourth win of the season extended her lead at the top of the Hero Order of Merit. Pranavi shot 2-over 71 with four birdies against six bogeys and totalled 2-over 209, while Seher Atwal (71) with one birdie against two bogeys, aggregated 5-over 212.

The scoring and conditions were tougher as none of the players finished with an under-par total and there were only two under par rounds, one each by Pranavi and Seher in the tournament. Starting the final round with a three-shot lead at the Par-69 Bangalore Golf Club course, Pranavi overcame an early charge from Seher Atwal over the first 10 holes.

As Seher lost momentum, Pranavi came into her own and raced to victory by three shots despite a bogey-bogey finish. Seher Atwal was 2-over for the front nine, while Pranavi was 3-over. That cut the lead by one.

Mysuru golfer Pranavi Urs with referee Paramjit Singh, also of Mysuru.

On the tenth, Pranavi bogeyed again, while Seher birdied the hole for a two-shot swing which saw the two level with eight holes to go. Then between the 12th and 16th Pranavi birdied four times and Seher managed only pars. As Pranavi bogeyed the last two holes, Seher dropped a shot on the 18th and Pranavi was three ahead, as she was at the start of the day, but by now the trophy and the winner's cheque was also hers.

Pranavi, who feels she is fully fit and ready to go full throttle, won the first, fourth and seventh legs. She was also second in the fifth and eighth legs.

As Seher Atwal finished second for the second time in succession, Hitaashee Bakshi, winner of third and sixth legs, was third. Hitaashee carded 72 for a total of 215.

Sneha Singh, winner of fourth Hero WPGT title as an amateur, finished fourth in her professional debut. She carded the final round's best score of even par 69 and finished with a total of 216.

The tenth leg of the Hero WPG Tour is also being held in Bengaluru at the Prestige Golfshire from yesterday (July 20) and will conclude on July 22.

Pranavi is the daughter of Sharath Chandra Raj Urs and Kaivalya Urs, who are residing at Lakshmipuram in Mysuru.

NEWS BRIEFS

MCC installs Vacuum Feed Chlorination

Plants to supply potable water to city localities

By Mohan Kayaka

Mysuru, July 21- In a bid to ensure potable water to all localities of the city coming under the Corporation limits, the MCC has started installation of Vacuum Feed Chlorination Plants at all its water storage and treatment units in and around the city.

The plants are being installed at Vani Vilas Water Works (VVWW) on KRS Road, HLR (High Level Reservoir) at Yadavagiri, Vijayanagar central water storage tank, Kuvempunagar, German Press on Bannur Road, behind J.K. Tyres on KRS Road, Pumping Stations at Melapura, Rammanahalli, Belagola, Devanur, Kembalu near Hullahalli and at Pinjrapole near Udbur Gate.

Earlier, Gravity Feed equipment were used for mixing chlorine with water. But now, the latest Vacuum Feed equipment is being installed for better chlorination of water . These equipment are also said to plug any chlorine leakages in the process.

The first vacuum feed equipment which was installed at Pinjrapole, is now adopted in Kuvempunagar plant at a cost of Rs.16.60 lakh and all other plants, with only cost being the difference. The plant at Yadavagiri has cost the MCC Rs.18.60 lakh, Kembalu- Rs.20 lakh (2 units), Rs. 34 lakh at Hongalli, which also includes construction of Chlorination building and Devanur at Rs.15 lakh.

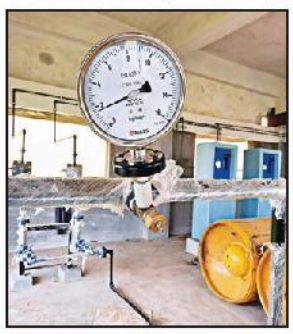
The Vacuum Feed equipment has a regulator for regulating the flow of Chlorine, thus reducing the risk of any chlorine gas leakage.

VVWW AEE Mohammad Mustafa said that the installation of Vacuum Feed equipment will largely eliminate the risk of leakage of Chlorine gas, which is hazardous for the health of human beings. Pointing out that an understanding has been entered into with a few private organisations with regard to imparting training on handling the equipment, he said that the training includes all aspects such as replacement of empty cylinders, determining the water level, controlled flow of Chlorine gas, mixing with water etc.,

Continuing, Mustafa said that the Chlorine gas cylinders are sourced from Andhra Pradesh based Southern Chemicals, which has manufacturing plants at Kurnool and Rajahmundry. The units need 30-35 cylinders a month, he said adding that though the latest and most advanced chlorination plants which use Chlorine Dioxide, cost Rs. 2 crore, the MCC taking note of its limitation and budgetary allotment, has for now decided to install equipment that costs Rs. 10-15 lakh on an average.

Mustafa further said that water, before being supplied for public consumption, will be tested for any impurity at the VVWW testing lab and the lab at Kembalu water treatment plant. The water will be tested for pH quantum, Chloride-Fluoride and Bacteria content, hardness, turbidity and the like.

These tests are key for preventing outbreak of epidemic and water-borne diseases, he said adding that the department will take precautionary measures as advised by the Health Department in case of outbreak of epidemics.



Construction of Alanahalli Police Station building nearing completion

Mysuru, July 21 (RK&DM)- The construction of the Alanahalli Police Station building, which is coming up behind the park near Devegowda Circle on Bannur Ring Road junction, is most likely to be completed by the end of August.

The Karnataka State Police Housing and Infrastructure Development Corporation (KSPHIDC) is taking up the construction at a cost of Rs. 2.15 crore.

Though the work order mentioned that the works must be completed by Nov. 2022, the brisk pace of works has helped completion of civil works well ahead of the deadline. Now, the building is expected to be completed by the end of August, according to Contractor Vinod Kumar.

The two-floor building has a built up area of 3,238 sq.ft. While the first floor houses SHO and Police Sub-Inspector chambers, separate lockup for men and women offenders, store room, armoury room, reception and work Station, the second floor houses the chamber of Circle Inspector, restrooms, store room and computer network room, according to Alanahalli Police Inspector G.N. Srikanth, who said that the building has been designed according to the Karnataka Police manual.

City Police Commissioner Dr. Chandragupta said that the Devaraja Civil, Devaraja Traffic, Hebbal and Alanahalli Police Stations will soon get their own buildings.

Maintaining that the works on the construction of Alanahalli and Hebbal Police Stations is nearing completion, he said that the construction of buildings for all the four Police Stations is being taken up under Rs. 5.8 crore package, adding that the Alanahalli Police Station will be ready for inauguration by late next month.

Six temple burglars arrested

- **Gold ornaments worth lakhs of rupees, cash recovered**
- **Accused used to roam around targeting temples in the guise of repairing LPG stoves**

Mysuru, July 21 (MK&KS)- Six persons accused in burgling temples have been arrested and gold ornaments worth lakhs of rupees, Rs. 4,06,081 cash, 22 mobile phones and three two-wheelers have been recovered from them, said Superintendent of Police (SP) R. Chethan.

Disclosing this at a press meet held in his Office here yesterday, the SP said that T. Narasipur Police had registered a case of temple burglary which took place on June 16 night, where burglars had decamped with gold ornaments weighing 484 grams worth about Rs. 17.50 lakh and cash from hundis (offering boxes) after breaking the door of Tripura Sundari Temple at Mugur village in T. Narasipur taluk.

Following the burglary, a special Police team led by Nanjangud Sub-Division Dy.SP Govindaraju was formed and the Police team has nabbed the accused in a few days at Chamarajanagar, the SP added.

The SP further said that one Bajaj Pulsar bike, one Bajaj bike, one TVS XL moped, 22 mobile phones, gold ornaments, Rs. 3,89,737 cash, Rs. 16,344 in coins all totalling Rs. 4,06,081 have been recovered from the accused.

Accused used to target temples

Continuing, SP Chethan said that the accused used to roam around many places in the guise of selling bangles and repairing LPG stoves to identify temples and had targeted Sri Tripura Sundari Amma Temple at Mugur village, Chowdeshwari Temple at Hale Tirumakoodalu village, Hindi Maramma Temple at Agara village in Yalandur taluk and Ramavva Temple at Chinnadagudi Hundi village in Nanjangud taluk besides lifting a bike in Alanahalli Police limits and a moped in Nanjangud Rural Police limits, which came to be known during interrogation.

Accused from Mysuru and Chamarajanagar sides

The SP said that the accused are from Mysuru and Chamarajanagar sides and a few among the arrested accused had come out of jail two months ago. Police have launched a hut to nab one of the accused, who had fled from the spot when the Cops raided a place to arrest them, he added.

Pointing out that the accused never stayed in one place for more than one or two months and shifted their place of stay frequently, the SP said that the accused had visited Sri Tripura Sundari Temple in the guise of devotees and had planned well in advance before burgling the Temple.

"There is information that the accused had kept the stolen booty with them and had melted the gold ornaments before selling it. As it had been two to three days since they burgled Tripura Sundari Temple, they were unable to sell all the gold ornaments. Information is being collected pertaining to where all they had sold the stolen gold which they had burgled earlier," SP Chethan said.

Defunct CCTV camera

CCTV cameras installed at Sri Tripura Sundari Temple at Mugur village had become defunct and a letter has been written to the Muzrai Department asking the authorities to get the defunct CCTVs in all temples coming under their Department repaired, the SP said and added that there was no security guard at the temple besides stating that an investigation regarding where all the accused had committed burglaries is going on.

Rs. 10,000 cash prize

SP Chethan has announced a cash prize of Rs. 10,000 to the Police team led by Nanjangud Sub-Division Dy.SP Govindaraju and T. Narasipur Inspector Krishnappa, for cracking the temple burglary case and arresting the accused.

Customer stabs supplier to death for asking to pay bill

Mysuru, July 21 (MK&KS)- A supplier at a bar in city was reportedly stabbed to death by a customer for giving the bill and asking him to pay. The incident took place at a bar on Manandavadi Road yesterday night.

The deceased has been identified as Nandan Kumar (25), a resident of Ummadahalli village in Mandya district and the accused is Sudhakar, a taxi driver and a resident of Mahadevapura.

Sudhakar, who came to the bar yesterday night, ordered liquor and consumed the same at the bar. Finally, when Nandan, who had supplied liquor, gave him the bill for what he had supplied and asked him to pay, Sudhakar, who refused to pay the bill, picked up a fight following which other customers calmed him down and sent him out of the bar.

About 50 minutes later, Sudhakar, who again came to the bar, took out a knife and stabbed Nandan on his chest. Nandan, who tried to dodge the knife, also sustained injuries on his hand. As Nandan fell down and was bleeding profusely, he was being rushed to a private hospital, but he breathed his last mid way.

Vidyaranyapuram Inspector Raju and staff, rushed to the spot, conducted mahazar, registered a case and have launched a hunt to nab Sudhakar, who has gone absconding.

Rider sustains serious injuries after Govt. vehicle on CM's duty hits bike

Mysuru, July 21 (GA&KS)- A bike rider was seriously injured after a Government vehicle of an official, which was proceeding to Kabini for CM's bagina event rammed into the bike near Kolagala village on the way to H.D. Kote yesterday.

Mahesh

The seriously injured bike rider, who is said to be in a critical stage at a private hospital here, is 40-year-old Mahesh, a security guard at a Bank and a resident of Janata Nagar in city.

Mahesh, who had gone to H.D. Kote on some work, was returning to Mysuru on his bike (KA-09-HX-6133) when the speeding Government vehicle (KA-01-G-1938), carrying the Government official to the CM's programme rammed into the bike resulting in Mahesh sustaining serious injuries.

Meanwhile, Mahesh's family members, speaking to *Star of Mysore* said that he (Mahesh) has been admitted to a private hospital in city and is in a critical state.

Week-long trial blasts at quarries around KRS Dam from July 25

Five places identified for mining explosions by CSIR-CIMFR Jharkhand team

A file photo of quarry near KRS Dam in Mandya district.

Mysuru, July 21 (RK&BCT)- The stage is set for trial blasts to study the impact of blasting and deep-earth mining activities around the Krishna Raja Sagar (KRS) Dam in Mandya district. With the conduct of the trial blast, the controversy over the illegal stone and granite mining activity and its threat to the Dam is likely to be settled.

The trial blasts will be conducted from July 25 to 31 and the Mandya District Administration is making all preparations to conduct the blasts.

Confirming this to *Star of Mysore* this morning, Mandya Deputy Commissioner (DC) S. Aswathi said that a team of scientists from the Council of Scientific and Industrial Research - Central Institute of Mining and Fuel Research (CSIR-CIMFR) Jharkhand will conduct the blasts and study the impact of the explosions on the Dam structure.

"I do not have exact information on the number of scientists who will come to Mandya to conduct the trial blasts. But we have got information from CISIR-CIMFR that a team would go for trial blasts from July 25 and we have made preparations for the same. The Department of Mines and Geology will lead the operations," the DC said.

Padmaja, a Senior Geologist from the Department, told reporters that the date has been fixed for the blasts and preparations had been made. The CSIR-CIMFR office is located at Dhanbad in Jharkhand and routinely takes up multi-disciplinary research on the mechanisation and automation of mining activities with state-of-the-art technologies in the mining industry.

2021 site visit by experts

The Cauvery Neeravari Nigam Limited (CNNL) has already paid Rs. 22 lakh to CSIR-CIMFR as a fee for blasts. On March 4, 2021, a CSIR-CIMFR team, comprising Senior Principal Scientist Dr. C. Sawmliana and Senior Technical Officer Rakesh Kumar Singh, visited the Dam and studied the structure, earth's surface and its rocky surroundings.

The team inspected the crushing units at a radial distance of 20 kilometres from the KRS Dam to ascertain the mining impact on the Dam structure following complaints that the Wadiyar-period Dam structure is endangered due to rampant mining.

The team had also inspected mining sites at Neelanakoppal in Srirangapatna taluk, Baby Betta in Pandavapura taluk and Bannangadi mining areas. Though the trial blasts were scheduled for last year, the COVID-19 pandemic had delayed the same.

Also, there was severe opposition to the trial blasts from farmers who are opposing any move that threatened the safety of the Dam. They demanded a blanket ban on any sort of mining activity within the 20-km radius of the Dam.

Three months for report

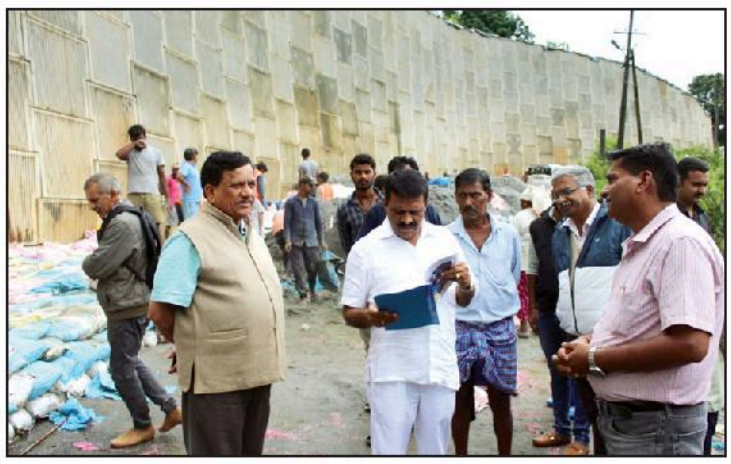
Sources told *SOM* that the CSIR-CIMFR team will arrive in Mandya on July 24 to conduct the trial blasts. The team has already indicated five places from where they will conduct the trial blasts and accordingly, the Mandya District Administration will cordon off the places and provide the necessary equipment to the team.

Once the blasts are conducted, it will take over three months for the CSIR-CIMFR to send the report and findings to the Mandya Administration. The report will assume significance as it will be a benchmark for all mining and quarrying activities around KRS Dam. The report will also assist policymakers to formulate rules of mining around other reservoirs in Karnataka.

Kodagu DC Office retaining wall fiasco

MLAs visit spot, to raise issue in Petition Committee

Action sought against contractor, consultants, engineers



Madikeri, July 21 (PS&BCT)- Lashing out at the contractors, project consultants, engineers and PWD officials, Kodagu MLAs K.G. Bopaiah and M.P. Appachu Ranjan have sought an inquiry into the work taken up to construct a retaining wall to protect the Kodagu Deputy Commissioner's Office from future dangers. They demanded action against those responsible for the present state of affairs of the work for which Rs. 7.5 crore was spent.

The wall is over 140 metres in length and over 40 feet in height. The wall has been built on a steep gradient and now, the slabs of The Reinforced Earth Wall (RE Wall) have dislocated and the entire structure hangs precariously on the Madikeri-Mangaluru Road.

As the slabs are bulging out and are posing a risk of collapse, traffic on the busy road (National Highway 275) has been banned and an alternative road has been provided. Though the wall building technology claimed by the contractor and the PWD engineers as advanced and safe, it has not worked in the district's weather where it rains for six months a year.

Social media ridicule

Intense criticism on social media followed as the photos and videos of the wall giving way went viral where the integrity of the engineers and contractor was questioned and the elected representatives and Ministers were subjected to ridicule. Amidst all this, the two MLAs visited the spot on Tuesday (July 19) and certified that the works were sub-standard.

Accompanied by Deputy Commissioner Dr. B.C. Satish, the MLAs inspected the retaining wall whose side slabs are bloating and may fall anytime. Continuous seepage of rainwater was cited as the reason for the slabs to dislocate and bulge. The MLAs observed that while it took Rs. 5 crore to construct the DC Office, it took Rs.7.5 crore for the retaining wall to be constructed. More money will be needed to repair it.

They demanded a probe into the retaining wall work, saying that crores of rupees were spent for strengthening the DC Office premises. Ranjan said he was apprehensive about the work from the beginning and was not satisfied with the way it was designed.

Petition Committee

"I had raised the issue many times in meetings but the officials kept on assuring me that advanced technology is being used. I had clearly expressed my doubts about the work and told the engineers that the slabs will not last long seeing the design and the work. I will place the matter before the Petition Committee of the State Legislature, seeking action either against the contractor or the engineers whoever is found responsible after an inquiry," he said.

Incidentally, Mysuru-based Ayyappa Constructions is undertaking the works and 'Terrarm', a New Delhi-based structural engineering company provided the technical specifications, structure and design to build the wall. The MLAs wanted to know whether soil tests were done before the work.

Ranjan said he had suggested building concrete walls but some agency in Delhi came up with the new design and went ahead with the work. "Retaining wall using slabs doesn't last long as it doesn't suit Kodagu's soil. The engineers did not listen to me," he lamented.

Traditional wall

Explaining the wall construction to the MLAs, PWD Executive Engineer Nagaraj said, "For the construction of a traditional retaining wall, it requires a 7-metre land. The land near the affected area was less and the retaining wall had to be constructed with only 2 metres of available land. Accordingly, the reinforcement technology, suggested by experts was used. The technology has been successful in other parts of the country," he claimed.

The MLAs said the retaining wall has not been designed considering the rain situation of Kodagu. "The slabs will fall anytime," he said, taking the engineers to task. He directed them to finish the repair works and open the road for traffic by Friday (July 22).

Mahouts to boycott Dasara

(Continued from page 1)

Association President Ghouse Khan said that while those people who tie the *Ambaari* on the Howdah elephant get Rs. 10,000 for this small task, Mahouts and Kavadis get the same money for their two-month stay and for an orderly festival inside the Mysore Palace.

"Forest Department officers and Ministers do not value our knowledge and there is no self-respect. Moreover, there are no retirement benefits for us," he said.

Talking about Dasara, he said that the Government splurges crores of rupees on the festival and the main attraction — Dasara elephants and their caretakers — is neglected.

"We have conveyed our decision and we will await its implementation till Aug. 5. As per our demands, a Mahout's basic salary must be hiked to Rs. 23,000 and a Kavadi must get Rs. 21,400 as basic pay," he added.

Over 150 Mahouts and Kavadis attended the meeting. Association office-bearers J.K. Vasantha and Parveen Pasha also spoke.

MLA writes to CM

Meanwhile, Virajpet MLA K.G. Bopaiah has written to CM Basavaraj Bommai this morning, urging him to consider the demands of Mahouts and Kavadis

"Several representations have been made to the Government regarding pay disparity of Mahouts and Kavadis and the proposal is kept pending. As a last resort, the Mahouts and Kavadis have decided to boycott Dasara and Jumboo Savari," the MLA said, urging the CM to look into their issues and direct the officers to address them.

2,446 beneficiaries to get houses: GTD

(Continued from page 1)

Housing Minister V. Somanna will lay the foundation stone in the presence of District Minister S.T. Somashekar, MP Pratap Simha, Chamundeshwari MLA G.T. Devegowda (GTD), Mysuru Mayor Sunanda Palanetra and other elected representatives.

Highlighting the salient features of the Project, GTD said that houses will be of G+1 and G+2 type, with 6 blocks of G+1 type and 176 blocks of G+2 type, having a total of 2,160 units from 182 blocks (176+6). Pointing out that each block will have Ground Floor, Second Floor and Terrace (Stair headroom), he said that the total super built up area is 409.59 sq.mts. The project will come up in an area of 33 acres, he noted adding that the estimated cost of the project is Rs. 168.45 crore.

Chronicling the start of project, GTD said that on Feb. 7, 2005, the then Deputy Chief Minister (Dy.CM) Siddharamaiah, who was also the Chamundeshwari MLA, sanctioned acquisition of 40 acres, 32 guntas of land at Mandakalli for allotment of 1,410 sites to beneficiaries of the constituency, which was approved by the then Chamundeshwari Constituency Ashraya Samiti at a meeting chaired by Siddharamaiah on Nov. 25, 2007. Subsequently, RGHCL wrote to the then Deputy Commissioner and as well to MCC to take necessary action for construction of G+1 and G+2 type houses. Later, the DC on May 21, 2016 submitted a proposal to RGHCL regarding construction of 2,446 houses in 40.32 acres of land at Mandakalli.

After going through various other process, the Government on Aug. 24, 2020, authorised RGHCL for construction of 2,446 houses at a cost of Rs. 168.45 crore, following which RGHCL invited tenders. After a delay due to COVID pandemic, the contract was finally awarded to AGJ Construction and the work order was issued on Apr. 25, 2022 and now the Housing Minister will lay the foundation stone at Mandakalli on July 23, GTD explained.

MLA G.T. Devegowda addressing a press meet at MCC today as (from left) Corporator Sharath Kumar, Mayor Sunanda Palanetra, Corporator Savitha Suresh and MCC Commissioner G. Lakshmikantha Reddy look on.

Action against officials involved in housing irregularities

Referring to irregularities that have taken place subsequent to the allotment of houses to beneficiaries of Chamundeshwari Assembly segment, GTD said that it has come to notice that certain irregularities have occurred post-allotment of houses at Gurur, J.P. Nagar and other areas, where houses have been built for the shelterless.

Pointing out that many complaints have been received regarding unauthorised sale of allotted houses for a premium, he said that he has asked the officials to form a Committee to find out the original beneficiaries and illegal sale/ occupation of houses. He has also directed for taking stringent action against all those officials involved in irregularities, discrepancies and lapses, he added.

MCC Commissioner G. Lakshmikantha Reddy, responding to GTD's direction, said that the MCC will order a thorough probe into the matter and action will be taken against errant officials. Criminal cases will also be registered against all officials and staff found guilty, he added.

In-charge Mayor Sunanda Palanetra, MCC Corporators and officials were present at the press meet.

Obituary

Irfan Sait

Mysuru, July 21 - Irfan Sait (46), son of late Yousuf Sattar Sait and a resident of Shobha Garden on Mysuru-Bengaluru Road, passed away yesterday at a private hospital in Mangaluru, following brief illness.

Cousin brother of MLA Tanveer Sait, he leaves behind his mother, wife and a host of relatives and friends.

Namaz-e-Janaza will be held today at Masjid-e-Meeraj in Subashnagar after Asar (5.15 pm) followed the burial at the Muslim Burial Grounds near Tipu Circle, according to family sources.

K. Manivannan

K. Manivannan (75), a resident of Vijayanagar 2nd stage, passed away yesterday night in city.

He leaves behind his wife, one son, daughter-in-law, grandchildren and a host of relatives and friends.

Last rites were performed at Chirashanthidhama in Gokulam today, according to family sources.

*All sessions will start and end on time; schedule is subject to change due to unforeseen circumstances. *Visit: www.mysuruliteraturefestival.com*

WORD OF THE DAY

Emolument

Pronunciation: ih-MAHL-yuh-munt.
Meaning: An emolument refers to money, gifts, or perquisites that someone receives due to their job or position.
Origin: The U.S. Constitution includes two emoluments clauses: the foreign emoluments clause, in Article 1, Section 9, prohibits federal officeholders from accepting gifts, payments, or other items of value from foreign states or rulers; the domestic emoluments clause, in Article 2, Section 1, prohibits the president from receiving any compensation from the federal government or from any state beyond what Section 1 outlines for compensation for service as the nation's chief executive. Like most technical legal terms, emolument is Latin in origin, but chew on this: its Latin predecessor meant simply "advantage," but that word's source is emolere, meaning "to produce by grinding," and its relations include such toothsome words as mill and molar.
Example: "The Foreign and Domestic Emoluments Enforcement Act, introduced in November, would: (1) codify the emoluments clause's prohibition by barring federal officials from receiving foreign emoluments absent congressional approval; (2) increase transparency by requiring disclosure of such emoluments; (3) authorize the Office of Government Ethics to create rules to ensure compliance, and also empower the Office of the Special Counsel to investigate any violations."

THE ODD WORD

Eagre

Sudden rise of tide in a river.

PHRASE OF THE DAY

The ends of the earth

Meaning: The furthest reaches of the land.
Origin: The phrase 'the ends of the earth' derives from the Bible, Zechariah 9:10 (King James Version): And I will cut off the chariot from Ephraim, and the horse from Jerusalem, and the battle bow shall be cut off: and he shall speak peace unto the heathen: and his dominion shall be from sea even to sea, and from the river even to the ends of the earth. Caxton used the expression in his 1483 translation of J. de Voragine's Golden Legende: And all the endes of the erthe shal worshipe the Nacions shal come to the fro ferre and bryngyng yeftes shal worshype in the our lord. In that passage, and in other religious usages, the phrase was used to indicate the furthest reach of man's dominion, as opposed to the heavens. It wasn't widely used until the 19th century, when it began to be used as we use it today, that is, to mean 'a very long way away'.

QUOTE BOX

The clearest way into the Universe is through a forest wilderness.

— John Muir

RIDDLE THIS

Solve the rebus:

20 BORED

Answer :Score board.

CROSS WORD

ACROSS:

1 Snack from the South
5 Out of ___ : unemployed
8 Current types (2-2)
12 Uses a knife?
13 Old time movie Anokhi ___
14 Bahadur ___ Zafar : the last Mughal?
15 The game __ __ : you are exposed (2,2)
16 X-mas month
17 Indian language of yore
18 Animal doctor, in short
19 Pleasing in appearance
21 Your (old English)
23 Long period of time
24 Work permit for the U.S. (5,4)
28 Tax deducted at source, in short
31 Constituent
32 Three for Tiberius
33 Operatic solo
34 Distress signal in Morse code
35 Magnifying
37 Over there, poetically speaking?
38 Angle-of-attack, abbr.
39 Backpacks
44 National Coal Board, abbr.
47 Animal's den
48 'Me' in French
49 Hideous giant
50 One in Oldenburg
51 Choose
52 Congealed blood
53 Small amphibious creatures
54 Nickname used for the late Mr. Bevan
55 Cal ___ : famous California university?

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
